[Click here](#) to check for any unrepaired recalls associated with your motorcycle. Have your VIN available.

Report Received Date: 11/12/2019

Component: ELECTRICAL SYSTEM:WIRING:FUSES AND CIRCUIT BREAKERS

Manufacturer: Indian Motorcycle Company

Summary: Indian Motorcycle Company (Indian) is recalling certain 2019 Chieftain, Vintage, Roadmaster, Dark Horse, Springfield, and FTR1200 motorcycles. A 10A circuit breaker may be defective, tripping unexpectedly and causing a sudden loss of power and an engine stall.

Consequence: An engine stall increases the risk of a crash.

Remedy: Indian will notify owners and provide a new 10A circuit breaker and installation instructions. Owners may choose to have the part installed at a dealership, free of charge. The recall began January 22, 2020. Owners may contact Indian customer service at 1-877-204-3697. Indian's number for this recall is I-19-05.

DISCLAIMER

NMVTIS Consumer Access Product Disclaimer

The National Motor Vehicle Title Information System (NMVTIS) is an electronic system that contains information on certain automobiles titled in the United States. NMVTIS is intended to serve as a reliable source of title and [brand](#) history for automobiles, but it does not contain detailed information regarding a vehicle's repair history. All states, insurance companies, and junk and salvage yards are required by federal law to regularly report information to NMVTIS. However, NMVTIS does not contain information on all motor vehicles in the United States because [some states](#) are not yet providing their vehicle data to the system. Currently, the data provided to NMVTIS by states is provided in a variety of time frames; while some states report and update NMVTIS data in "real-time" (as title transactions occur), other states send updates less frequently, such as once every 24 hours or within a period of days. Information on previous, significant vehicle damage may not be included in the system if the vehicle was never determined by an insurance company (or other appropriate entity) to be a "total loss" or branded by a state titling agency. Conversely, an insurance carrier may be required to report a "total loss" even if

This data was originally accessed on 2021-05-24 10:34:54.375 EDT at which time it was current with the National Motor Vehicle Title Information System (NMVTIS)

the vehicle's titling-state has not determined the vehicle to be "salvage" or "junk."
A vehicle history report is **NOT** a substitute for an independent vehicle inspection. Before making a decision to purchase a vehicle, consumers are **strongly encouraged to also obtain an independent vehicle inspection** to ensure the vehicle does not have hidden damage. The [Approved NMVTIS Data](#)

[Providers](#) (look for the NMVTIS logo) can include vehicle condition data from sources other than NMVTIS. NMVTIS data **INCLUDES** (as available by those entities required to report to the System):

Information from [participating](#) state motor vehicle titling agencies.

Information on automobiles, buses, trucks, motorcycles, recreational vehicles, motor homes, and tractors. NMVTIS may not currently include commercial vehicles if those vehicles are not

included in a state's primary database for title records (in some states, those vehicles are

managed by a separate state agency), although these records may be added at a later time.

Information on "brands" applied to vehicles provided by participating state motor vehicle titling

agencies. Brand types and definitions vary by state, but may provide useful information about

the condition or prior use of the vehicle.

Most recent odometer reading in the state's title record.

Information from insurance companies, and auto recyclers, including junk and salvage yards,

that is required by law to be reported to the system, beginning March 31, 2009. This information

will include if the vehicle was determined to be a "total loss" by an insurance carrier.

Information from junk and salvage yards receiving a "cash for clunker" vehicle traded-in under

the Consumer Assistance to Recycle and Save Act of 2009 (CARS) Program.

Consumers are advised to visit vehiclehistory.bja.ojp.gov for details on how to interpret the information

in the system and understand the meaning of various labels applied to vehicles by the participating

state motor vehicle titling agencies.
